General Information

1. Should you elect to use the IGETC, it is recommended that after your completion, have it certified in its entirety by the last Community College attended prior to transfer. A full certification indicates that all lower division GE requirements for UC or CSU have been met.
2. IGETC certification requires completion of all requirements passed with a minimum grade of C prior to transfer.
3. Partial certification is defined as completing all but two (2) courses on the IGETC pattern. Partial certifications must be accompanied by a separate IGETC certification form, which clearly indicates that the certification is “partial,” and identifies which requirements remain to be completed.
4. In the UC system, some majors do not accept the IGETC as complete fulfillment of lower division general education breath. Please visit a counselor to determine the best education plan depending on your major or field of interest.
5. IGETC certification is not a requirement for admission to most UCs and CSUs, nor is it the only way to fulfill the lower-division requirement. Please consult with a College of Marin counselor and use www.assist.org for the specific lower-division requirements that are needed to fulfill your educational objective.
6. Please request certification when requesting the last transcript from College of Marin prior to entering the UC or CSU system.
