- I. New Business (Actions May Be Taken) Motion to discuss: Gio, Jorge
 - a. Discussion/action to move \$1800 from acct. #5200 (Travel conference) into acct. #4500.04 (Event Supplies). Presentation by Kaveh Manshour.

Motion: Arthur, Jorge

Kaveh: So we are doing the planning for the AAPI History month event right now. I was talking to Sadika earlier this week about the funding and she noticed that there is about \$2000 in the travel conference that hasn't been hit this year. She made the suggestion to move \$1800 from the account into the event supplies account so we can get through these last two events. This doesn't have any harm to the accounts and if we don't use all the money we can move it back.

Emily: I like this idea, I know that the budget mix up threw a wrench in our event planning. This could help boost engagement. While I have loved planning Earth day, it is a larger task on only a few hundred dollars.

Katherine: Currently there's only \$1587 left in that account.

Emily: I would like to move to amend the item to \$1000.

Katherine: So the account started with \$2,000. There was \$413 deducted because we supported Christopher.

Emily: Okay, so let's amend to \$1300 then.

Motion to amend \$1800 to \$1300: Gio, Jorge

- b. Update on the budget. Presentation by Katherine Hsiaw, ASCOM Treasurer.

Motion: Arthur, Kaveh

Katherine: So to update everyone on most important. The 4500.04 (Event Supplies) we have \$812.70.

The 7200 Intrafund club has \$3043. To update the 5200 (Travel conference) just has a remaining balance of \$1587. I will be subtracting that and adding it to the event supplies.

Tea: Can you give an update on the scholarships. We've been waiting on that.

Katherine: We just moved the \$2000 out of there. Where we are, I have the posters and qr codes done. I sent an email. I also have the google forms done. I can resend it right now. I did send it out last time and Sadika replied.

- c. Discussion/action to approve NTE \$3000 from acct. #7300 (Departments) for Spring Fling Ice Cream Social. Presentation by Nequeshé Dyer.

Motion: Gio, Jorge

Nequeshe: Good afternoon. Has everyone participated in a Spring Fling or Fall Y'all. You know and understand. They are large scale community events to bring together all of our COM constituents from the child center to ESCOM. We saw over 1000 folks check in for the event last fall. I need a bit of help. I need \$3000.

Emily: I would love to know how much we have left in the account.

Katherine: Right now we have \$6,589.56

Nequeshé: I would like to amend my request to \$3500.

Kaveh: I would like to make a comment. Sadika mentioned this to me since we have two asks from the departments fund today. These are usually the last asks we get for the semester. I want everyone to keep that in mind, even though it is no small amount of money, it is very reasonable for what is left in the semester.

Emily: It will also be a very big event. The weather is nice and hopefully there will be momentum from the Earth Day event.

Nequeshe: Yeah and we just need it, right? There is so much sadness and fear and heartache. In addition to the ask, I would love the physical support, the last event you all did great in running the 360 photo

machine. I will send a volunteer link for folks to sign up. If you could please fill that out if you are available that would be great.

Emily: Would we be doing the selfie machine again?

Nequeshe: Yeah that would be great.

Emily: Any further questions?

Motion to amend from \$3000 to \$3500: Kaveh, Jorge

Motion to vote: Gio, Kaveh

- d. Discussion/action to approve NTE \$412.12 from acct. #7200 (Intrafund Club) for Nature Conservation club expenses. Presentation by club members.

Motion: Jorge, Kaveh

Sonya: I would like to only ask half of the request. I started seeing how expensive the transportation can be. Just thinking about it more. We could cut out the 2 events. One of them happened last weekend which is awesome. We drove out to a creek wildlife area in Vallejo. Worked on pulled vegetation on a spit. A little sand area where clovers come to nest. The next event is to spread oyster shells. It was really great. It was a great day. It was great to see a new part of the estuary. I learned about the event because my professor let us know about the opportunity and this watershed works with them. If that is approved then we want to have a more serious presence at the club fest.. I guess basically instead of asking for what I was, I want half.

Emily: Lets say \$200 to supplement the big community outreach and give you all some wiggle room. Does that sound good?

Sonya: I will use that for the nets and the volunteer event.

Motion to amend item d from \$412.12 to \$200: Lara, Jorge

- g. Discussion/action to approve NTE \$1000 from acct. #4500.04 (Event Supplies) for AAPI Heritage Month Event. Reimburse MCCD/ASCOM, PRs to follow. Presentation by event co-leads.

Kaveh: We had our meeting a couple of days ago. We met with Reva and Hannah of the HAP community and ironed out what we want to do for the event. The main costs are food. We will get 80 small bobas from Kuma Cafe that should cost \$520. We will also get some Costco veggie and chicken dumplings, as well as veggie gyozas. Hannah and Jorge both said they can bring their gas stoves. There are some other small things like getting origami paper for HAP people to teach students how to make origami cranes. We were also thinking of potentially doing henna. The costs do not amount to \$1000, but it is there for wiggle room.

Emily: I am in full support, it sounds like we are in a good position for finals week too.

Tea: if you have the updated form that would be great.

Emily: In regards to the Earth Day event. Everything is going well in terms of planning . We are a little over a week out. We have the Environmental action club doing a e waste drive. Sustainability club doing an e-recycling drive. We are going to do a clothing swap. I was chatting to Tea about it, I know its gross, but vapes are e-waste.
