  - b. Discussion/ Action on Student Activities & Advocacy Office and ASCOM Program Collaborations.

Luciano- Yes Tea I am in support of this all your events are great  
Ana- yes hopefully it brings more people to the events this is a good idea  
Khadija- I think that this is great we should continue to do this  
Ferch- Yes this is a great idea and we have been kinda talking about it already and I think that if we merge the tower we can reach more people and bring more people to ASCOM through the events.  
Luciano, Ryan  
**Passes 8-0-0**
  - c. Discussion with Psychological Services about mental health and wellness programming and support.  
Presentation by Anissa Rosas-Sanchez and Danila Musante  
Luciano, Fernanda  
Passes 8-0-0  
Fernanda- we have been meeting and wanted to get the respect from students on what we have been experiencing as far as the climate in the country and we want to know what you guys and your friends are experienced during this time.  
Aneissa- One of the reasons we wanted to join was to talk about how we can support students more by hearing from you guys about the kind of challenges that you are going through and are faced by students right now. We often have events that focus on students of color and we have a focus on increasing the voice of our students of color. We Are here to create that bridge between psych services and ASCOM.

There's this missing piece of contact that we don't have online. We know ASCOM has a mental health-related event coming up and we are warned to know how we can help and vice versa with our events.

Luciano- I think some of our members were already thinking about having an event like this next semester. An event where students can study or a relaxing space or curriculum that you guys can provide to us for any like yoga or anything like that.

Aneissa- I imagine that we could keep talking and communicating around that and then we can join and help with that. We want to make it known that it is flexible. We are just really here to support you all.

Fernando- We have an opportunity to really voice our opinion for the students so this is really important.

Ryan- I think a growing relation between Ascom and the psych community, that link would always be important. I think it would be very beneficial to help each other with events and getting the rope resources to the students. I am very supportive and willing to help

Aneissa - Yes we feel the same that weasel into keeping the link open.

Katherine- I support in co-sponsoring an event and doing an event together maybe providing a discussion space or a safe space for people who want share their covid experience because I know me being again I have experienced some xenophobic attacks and if we can share those different experiences it could be really impactful.

Evan- I think having more events around how students can deal with psychological issues that people are having and I support this so that people are more open because something mental issues can be suppressed in this society so having some space for that would be great.

Fernanda- I totally agree with everyone. I feel like this would be a great opportunity to understand more and get help from people and spread their events as well as they can spread ours and they can help us and we can help them. So yeah I agree.

Khadija - I agree with what everyone said and I really like the idea of having open sessions and having a space is a good idea.

Ana- I agree with everyone but I really like the idea and a homework space and a safe space.

Tyler- I think it's a great idea. As evan said I don't think mental health is talked about enough in a society where students have so much going on so I am in support of this idea

Ferch- There is a mutual feeling of taking time for mental health and being able to normalize going to therapy because it has that stigma to it.

Motion to extend time 10 minutes

Tyler, Ryan

Passes 8-0-0

Fernando- What do you guys think about month or weekly check, is it beneficial?

Luciano- I think a monthly or weekly check in would be something that is very helpful.

Fernando- I think a weekly check in i would be the better idea

Ryan- Since mental health changes frequently I think a weekly meeting is good.

Khadija- I think it's a good idea as well.

Tyler- Yes a month or weekly meeting is a good idea.

Fernando- So we can do a monthly check and we'll see how that works if you have anything you can feel free to contact me and I will put it out to the board.

Aneissa- Yes that sounds perfect.

Fernando- We will add this as an item at the beginning of every month and we will send it over to you guys. Any other questions or comments?

d. Discussion on office hours and meeting time for spring. Presentation by Fernando.

Katherine, Fernanda

Passes 8-0-0

Fernando- I just wanted to take a little bit of time to see if we can set our meeting time I heard at least from the 1 on 1s that you guys want office hours to change but what about the meeting time for next semester.

Tyler- It would just depend on what happens with basketball season

Ryan- Friday could still work for me but like everyone things are subject to change

Katherine- The meeting work but office hours may not work

Fernando- Office hours will change but the meeting is what I want to get.

Luciano - As of right now it should work, I'll get back to you as soon as I know.

Fernanda- Friday is okay but at work sometimes it gets busy and they ask me if I really need to have a meeting during this time I also can not make the office hours

Evan- What if we moved it up to like 9 since 11 is an awkward spot.

Fernando- what do you guys think about 9.

Luciano- I am personal fine with that

Khadija- Yeah

Ryan- Either time works for me

Bea- Either time work for me

Fernanda- Tyler you are still depending on what's happening with that. Sadika, do you have anything to add?

Sadika- I would not do 8 because in the past people would come in late and that impacts the start time I think 9 is great. We want to start on time so pick a time where all people can be on time.

Fernando- I think the majority of people are saying 9 so I think we'll go with that. Ill confirm with you guys as soon as possible.

Sadika- You also have to check on Denize.

e. Discussion on ICC Updates. Presentation by Bea.

Khadija, Ryan
