Luciano- As we said last Monday, we have our voter registration event and I think the event was as success all we wanted to do was to inform people on voting and where they can vote and the importance of voting. We had about 24 viewers across all streaming services which is not too bad. Ana do you have anything to add

Ana- Yes, I was a pretty good and informative event, thank you all for attending the event and the alliance should be posting the event too.

Luciano- Thanks to everyone who came to the event overall, I think the event was very successful. We are working on getting the event posted on Instagram so that people can use it as a resource to look at and for anyone who wants to see it. Overall, I think it was very successful and I am very proud.

Katherine- Unfortunately, I wasn't able to attend but I know in the office hours before we all sent out emails to faculty and they were really excited to post this to their class boards and I think it's something that we should continue to do to get attendance up.

Luciano- I agree with Katherine that we should keep sending out emails to our professors. I did the same thing they were very happy to help so I think we should keep doing it is free and easy to do

Bea - It was a wonderful event I was able to stop by and it just seemed very informative. Great job Yall

Ferch- Yes it was a good event and very information just like you all said. I also think that sending out emails is something that we should continue to do since we had a really good turnout.

a. Officer Reports:

i. **PRESIDENT REPORT:** Good morning everyone! This week I had a meeting with most of you all and just checked in on how everything is going and the different updates on your position. Me and Bea also attended the LRC General Contractor Committee Meeting to share and determine the 4 companies that are moving on to the interview phase. In 2 weeks, we will be interviewing them, and we will update you on that. I have also met with Sadika and just talked about updates and what we can keep on improving for the semester. Shout out to Luciano and Ana for the wonderful they lead, and I think it was pretty successful and with a really good turnout. I also started working with Fernanda on Día de los Muertos and we are really excited about it. I also want to take the opportunity to remind you all that your attendance at events is highly important as it is part of the member responsibilities outlined in the Constitution that we reviewed at the beginning of the semester. Want to remind you to also use the time of office hours to do any ASCOM stuff related that you have, and if meetings end early, you can use that time as well. My last reminder is to take advantage of the profile picture on zoom and just use it as an opportunity to put the poster in there. If you do not know how to do it or need the pic, please reach out to me and I will send it to you. As always, please reach out to me if there are any questions or concerns, I am always happy to help you. Thank you.

I also am working with Katherine and Fernanda to create a poster advertising the ICC. I also had my weekly meeting with Tea.
